

Buttington Energy Recovery Facility

ENVIRONMENTAL STATEMENT – FEBRUARY 2021

Environmental Statement - Table of Contents

Chapter No	Title	Technical Appendix No	Technical Appendix Title
1	Introduction to the Development	TA1-1	Drawings: <ul style="list-style-type: none"> • ECL-BQ-000: Planning Boundary • ECL-BQ-001: Proposed Site Plan
		TA1-2	Consultant Expertise and Qualifications
2	Key Environmental Aspects and Assessment Methodology	TA2-1	ECL Drawing ECL-BQ-003: Existing Consents Boundaries
3	Need and Alternatives	TA3-1	Market Appraisal Report
		TA3-2	Alternative Sites Assessment
4	Description of the Development	TA4-1	Drawings: <ul style="list-style-type: none"> • ECL-BQ-000: Planning Boundary • ECL-BQ-001: Proposed Site Plan • BT11480-D14v2: Cut and Fill Isopachyte • ECL.001.01.01-002: Electricity Connection • BT1180-D1V1: Access Plan • BT1180-D2v9: Landscape Masterplan
		TA4-2	Lighting Strategy
		TA4-3	Construction Environmental Management Plan
		n/a	n/a
5	Existing Environment	n/a	n/a
6	Air Quality	TA6-1	Air Quality Assessment
		TA6-2	Air Quality Assessment of Road Emissions
		TA6-3	Dust Assessment
7	Socio-Economic	TA7-1	Socio-Economic character Maps
8	Highways and Transportation	TA8-1	Transport Impact Assessment
		TA8-2	PICADY Outputs – Decommissioning Phase
		TA8-3	TRANSYT Outputs – Temporary Traffic Signals

Environmental Statement - Table of Contents (cont)

Chapter No	Title	Technical Appendix No	Technical Appendix Title
9	Landscape and Visual	TA9-1	Landscape and Visual Impact Assessment
10	Ecology	TA10-1	Legislation
		TA10-2	Figures and Target Notes
		TA10-3	Methodology
		TA10-4	2020 Bat survey report
11	The Water Environment	TA11-1	Drawings <ul style="list-style-type: none"> • 11/1: Superficial Geology • 11/2: Bedrock Geology • 11/3: Hydrogeological Site Setting • 11/4: Local Hydrogeology and Hydrology • 11/5: Hydrological Site Setting • 11/6: Existing Site Drainage Layout
		TA11-2	Surface Water Management Plan
		TA12-1	Heritage Assessment
12	Archaeology and Heritage	TA12-1	Heritage Assessment
13	Geotechnical	TA13-1	Geotechnical and Geo-Environmental Site Investigation Report
		TA13-2	Slope Stability Report
		TA13-3	Pre-application Consultation and Response
14	Noise and Vibration	TA14-1	Noise Technical Terms
		TA14-2	Noise Instrumentation and Survey Detail
		TA14-3	Baseline Noise Survey Results
		TA14-4	Construction Plant Inventory
		TA14-5	Assumed Noise Levels for Site Plant and Cladding
		TA14-6	Noise Mapping
		TA14-7	Response to Pre-Application Comments
15	Overall Health Impact	TA15-1	Comprehensive Health Impact Assessment
16	Cumulative Impacts and Mitigation Summary	TA16-1	Stage 1 – Identified Other Developments
